MAGNET CARDS FOR ALL DIE COLLECTION SIZES

A Stamp-n-Storage customer favorite is the strong and sturdy Magnet Cards. Now you can organize larger dies on the *12x12 Magnet Cards* or smaller die sets on the *6x6 Magnet Cards*. The best part: they can be labeled with the Paper Sleeves and stored in a Paper Holder. Find Magnet Cards on page 15.

CRAFTED SPACES

BLENDING COMMUNITY AND CREATIVITY

CRAFTED SPACES - SERIES 3

Pinewood Forest is a sustainable hometown that is pedestrian-oriented and environmentally focused. Lew Oliver, the town planner and architect, says, "The whole philosophy is to provide a new town for makers/storytellers." When Deb and Pete Rector came to Lew to discuss the design of their new home, it was Deb's request for a craft studio that he first thought was outrageous. "I had never heard of anything like it in my life, that someone would want to spend all this money on a craft room, and entertain in it at the same time," Lew says. However, as Deb began to explain her paper crafting passion and how she would invite friends over to join in, Lew began to understand Deb's vision of bringing friends together. He thought her idea was wonderful and wondered why he didn't see more craft studio requests in homes.

"I think it's brilliant to be able to entertain and do crafts together, which really bonds people and creates a much more lively social scene,"

- Lew Oliver
